**Pastor Israel Pochtar** was an associate pastor at a local Israeli congregation for ten years before starting a new congregation, Beit Hallel in the southern coastal city of Ashdod in 2004. By 2008, the congregation expanded into a ministry called Voice of Judah Israel. In total Voice of Judah Israel oversees six local Israeli congregations.

Voice of Judah Israel is a prophetic voice in the land – proclaiming the love of Yeshua to the people of Israel, while reaching out to help feed the poor, and raise up a new generation of Israeli leaders who will usher in the revival in Israel.

**Rev Dr George Annadorai** pioneered a church called the Lord's Family Church - from 1988-2002. He served on the national committee of the unity movement in Singapore amongst the churches called "Love Singapore" between 1995 - 2007. Ps. George was received as a member of the "International Coalition of Apostles" in 1998.

Currently Ps. George serves on committees in two national initiatives - national prayer alliance and together in transformation. Ps. George devotes half his time (6 months in a year) to serving the nations in the Asia-Pacific region, including the nation of Israel.
