

Vision

This conference has been birthed by a prophetic dream & vision received by Barbara in Oct 2014. Norman and I (Barbara) were at the border of Israel and there were border guards. The entrance to Israel was only through a building with Brothers written on it. When we went in we saw it was a hostel and found we were responsible for organising a conference and the people were ready and food organised but I had not realised it was happening and had no agenda or messages and had not invited any speakers. It was basically a message to prepare.

A few days before the dream, the Lord gave me in a vision the word "unjihad" and I felt we had to find the opposite like "salaam" or peace in Arabic and "shalom" in Hebrew. I also saw the words "practical love" and sensed the Father heart of God needed to be communicated in practical ways to Arabs who are not believers.

Jews and Arabs are brothers. In obedience to this call, we are proceeding by faith and in consultation with Arabic and Jewish believers in Sydney to present the Father's heart for unity for the sons of Abraham.

We will hold a similar conference in Israel in September 2016.

**'We Are Indeed
Brothers'**

We were in Sydney in January to organise this conference for this Sept and, going to a meeting of Arabic Christians in Auburn, we passed a cafe with the name "Brothers" on it. A sign from God?
