

PROPHECIES PRIOR TO BETHANY GATE/APPA CONFERENCE CAIRNS 2006

5/8/01 Cairns

Graeme Jackel, visiting Cairns from Melbourne – I've seen lights come on a map of up here (Cairns) and I believe there's going to be a revival here. With prophecies, we had a prayer meeting here early Thursday morning led by Ps Norman and Barbara and I saw small torches with a fire. (The torch was also on the video they showed Friday night of Tom Hess and the highlights of the All Nations Convocation Jerusalem 2000). I believe these were faithful people carrying torches at this time and there was fire burning on that. When we were worshipping God this morning, I had the vision of the small torches coming through and one big flame coming out of the one torch and I felt that's prophetic for this church of what God's going to do. At the moment it might seem we've all got torches but the Lord is going to bring a big fire and I believe the fire is going to burn so brightly in this city of Cairns.

FEB 2002

Barbara - When I was praying whether to go to the Singapore conference, the Lord reminded me of what He showed me in Feb 98 that Jesus will return through the east gate of Jerusalem and the east gate of the temple so this Golden Gate is very significant, very strategic in preparing the way and opening the gates for the return of Jesus. I was bowled over! Then I read the literature and saw that this was the theme of the conference!

The Lord also showed me a key. This conference will unlock doors, including doors for us in Asia.

FEB 2002 SINGAPORE, 1st Golden Gate & Bethany Gate Prayer Convocation

Ps Tim, Indonesia - On the 18th, (opening night) I saw a golden bridge being lowered down. It was beautiful. God is already building a bridge from among the nations along the gateway areas to Jerusalem. (not word for word).

Ps George Annadorai, Singapore - 20th - When the leaders were asked to pray for unity on the platform, I saw a very beautiful cloud was coming down from heaven. It hovered on the platform and encompassed all the leaders' prayers. I heard a voice saying "I've found these two gateway areas together in unity and shortly after this I'll bring unity to the other gates. Maintain this unity carefully." (not word for word)

Another brother shared that the Lord told him revival would occur in Malaysia, Australia and India.

FRI 22 FEB 2002 SINGAPORE, 1st Golden Gate & Bethany Gate Prayer Convocation

Barbara- During worship, I saw some very large, strong pillars holding up a highway above the ground. I believe the Lord showed me it is a road of intimacy and the pillars represented the nations at the conference. There was now a highway from this conference or place to Jerusalem. (The theme of the conference was Isa 62:10 so the Lord was saying He'd done it).

Barbara - I then saw a map of the world representing the World Wide Watch. The lines that marked off the 12 gates were bloodlines (threads) and though these bloodlines, we are connected to Jesus, to each other in unity and to Jerusalem (through the shedding of His blood).

(We were to have communion that morning, the only time and last day of the conference.)

The Lord also showed Barbara during the conference that the roots on the tree of Islam that needed the axe laid to them were the madrassas in Pakistan where the terrorists are trained.

SUN 3 MARCH 02

Barbara - I saw the dove of the Holy Spirit hovering over Australia and the Pacific (Bethany Gate) area. I believe what the Lord is saying I want you (Norman and Barbara) to bring the anointing back (from the Golden Gate/Bethany Gate conference in Singapore) - that anointing for revival back to Australia, because I'm going to pour out My Spirit, breathe My Spirit, upon this nation of Australia.

10/3/02

Norman Miller- We have a prayer assignment for the showgrounds and the race track at Woree because they'd be large venues for revival meetings. So, we have a strategic prayer assignment for the intercessors of the city. As we align ourselves to the King of Kings and the Lord of Lords, our prayer becomes so strategic that the Spirit of God will move. That'll be a key prayer assignment that'll unlock things that need to be unlocked. It'll be used for revival. There'll be services and it'll be open 7 days and nights and the Spirit of God will draw them in.

SAT 6 APRIL 2002 (Barbara spoke on Israel and the Golden Gate/Bethany Gate Singapore conference at a women's breakfast)

While Barbara was sharing, she said that the time of the fishers (the Christian ministries who help Jews to make Aliyah or return to Israel) is almost at an end and the time of the hunter is about to begin (i.e. another round of persecution to force Jews to return to Israel). (Jer 16:14-16) (We can see this already with the demonstrations against Jews around the world including France because of their current war on terrorism. That night there were demonstrations in Sydney against the Israel Consulate. Also, it's not going to be safe soon for pro-Israel Christians.)

SUN 7 APRIL 2002

Barbara - Cairns, Australia. What the Lord was showing me this morning was the city of Jerusalem with lines coming out from it around the world corresponding to the 12 gateways of the World Wide (Prayer) Watch. The Lord showed me in Singapore a few weeks ago that these lines are bloodlines. Jesus' blood was shed for the world in Jerusalem - these bloodlines link us to Him, to each other and to Jerusalem.

He showed me this morning that those lines are also rays of light as Jesus is the light of the world but there is a shadow over Jerusalem that we need to pray to be removed.

The Lord then showed me a plastic food-serving tray with many sections, where lines come out from the centre, dividing the portions of food from each other. He said "the nations want to carve up Jerusalem". It was like artificial divisions. I remembered that Jerusalem is already divided into the Jewish sector, the Christian sector and the Muslim sector.

He also showed me that as the Palestinians had shed more blood than the Jews in this 18-month conflict and that, as there is much power in shed blood, there is a powerful spiritual force behind the Palestinians. It is like the Old Testament days when the first-born sons of kings who came against Israel were offered as sacrifices to their gods to give them more power in battle (2 Ki 3:26-27). However, the blood of Jesus is more powerful than any other shed blood and needs to be applied to the situation.

The reason for the conflict over Jerusalem is that it's Jesus' earthly throne when He comes again and Satan wants it as He has wanted God's throne from the beginning of time. This is not a fight against flesh and blood but against principalities and powers. As I prayed, the Lord showed me that it was like the Jews and Arabs were in a chess game and Satan was trying to checkmate God's moves but we know the final outcome - Satan is defeated.

This is a showdown of the gods - who is God - Yahweh or Allah? The Lord showed me it was like a Mt Carmel in the days of Elijah when he challenged them which God would they serve. It didn't matter how much blood the followers of Baal shed; their god could not hear them for he was not really god. Yahweh, the true God answered by fire.

The Lord showed me we need to set up a prayer offensive called Operation Mt Carmel to pray that the true God would be revealed and worshipped and the enemy defeated. This is not just for our local church but God wants this message to go out worldwide - a call to arms, a call to war, a call to a prayer offensive - OPERATION MT CARMEL. (This prayer strategy is available separately).

05.01.03 (Conference venue will be Cairns Showgrounds, decision made Dec 2005)

Barbara: While we were in praise and worship what I was seeing was like a ride at a showground and there were spokes coming out from the centre and then a seat on each of the ends of the spokes. Some of the young ones here will know what that is called, and the seats were spinning round and then the whole thing was spinning round and it reminded me last week toward the end of my message that I saw a roller-coaster ride for our church this year, and this is a fairly similar type of vision.

I believe the Lord has a word for us for the New Year 'For I would say', says the Lord, 'Yes I am taking you on a ride this year. It is a ride that will spin you out. It is a ride where you feel at times that you are out of control but says the Lord I will be in control. I will be your safety. Do not fear for I have much for you. At times the enormity of it will spin you out, at times you will feel that you are going so fast that you have to hang on tight. It will be an exhilarating ride' says the Lord 'at times it will be a scary ride but do not fear. The Lord says I am directing it. I am the Master of the ride; I am the Master of your journey. I am the Master of the New Year that I bring before you, so do not fear even though there are times you feel that you will have to hang on tight, even though there will be times that you will feel out of control, but I am in control says the Lord, you do not have to be in control, you need to trust Me, but once you get on this ride with Me this year says the Lord you won't be able to get off until I decide when the ride is finished. So be prepared. Get ready for what I will do for I will demand much of you this year says the Lord. I will require much, I will stretch you to the limit but I will bring you through. I will bring you through and it will be exciting and others will watch you spinning around up there and think "Wow, that looks like a great ride. I wonder if I am game to get on and join" but watch what I will do says the Lord because you will be right in the middle of it.' Thank you, Lord.

Norman: (spontaneous worship song)

Anointing, that took place at Bethany
This woman & the Alabaster jar
She poured it on her Master's head
It was very costly
The anointing at Bethany x 4
This Alabaster jar
It was very costly
But while He was in the house of Simon the leper
She poured it on His head
The anointing at Bethany x 4

Barbara: Let that anointing of that costly sacrifice at Bethany just flow over you, let it flow, let it flow. As I was praying this morning asking the Lord for a word during the praise & worship, what He brought to my mind, what He said to me was "Have I not told you, have you not heard"? And then He took me to something that He had spoken into my heart a couple of years ago when we were praying along the Esplanade, which we used to do regularly & He reminded me of the words that He said to Abraham when he was prepared to sacrifice Isaac. Again, a costly sacrifice, like Mary with the Alabaster jar. Abraham was prepared to sacrifice the son of promise because God had asked him to, but remember the Angel of the Lord stayed his hand & God said to Abraham "because you have withheld nothing from me, even your son I will withhold nothing from you!"

And the Lord just spoke into my heart that day on the Esplanade, "because you have withheld nothing from me I will withhold nothing from you," and I just believe that the Lord wanted to speak that back into my spirit this morning, and I believe that it's for this church here corporately this morning as well, because as I was praying, I was saying "Lord could you give me a word about the land, could you give me a word about the building that we're meant to move to?" and it was in the context of that prayer that this word from the Lord came, so I just want to pray now. "Lord I just believe that you're saying to us even corporately this morning, as you said to me a few years ago, in relation to Norman & I that you would withhold nothing from us Lord, because we have withheld nothing from you. We have been prepared at times to give you extravagant sacrifice, extravagant gifts whether it's been finances or time or energy, and Lord I just pray even more that you would bring that anointing upon us of wanting to give to you extravagantly. Just as Mary was prepared to pour that Alabaster jar over you that was a year's wages. Even the disciples thought it was wasteful. In the world's eyes it was wasteful, but Lord in your eyes it was not wasteful. In your eyes it was a wonderful gift to you Lord.

When Abraham was prepared to sacrifice the Son of Promise it made absolutely no sense whatsoever. He had waited so long to receive Your promise & then you asked to give it back again, Lord even things you have given to us in the past, Lord that we've waited & prayed for, for many, many years & then you've given them to us Lord, let us be prepared to make the sacrifice to give those things back, and Lord as we withhold nothing from you personally & corporately Lord I pray that you would withhold nothing from us, Lord even the land that we have

prayed for, even the land that's been prophesied Lord that you want to give it to us. Lord, we're not asking for it out of our imagination, we're asking for it Lord because you said you wanted to give us 50 or 60 acres of land. Lord you said through your prophet that you wanted to fill this church here to 300 people. You said through Your prophet you wanted to give us a training center, an International Training Centre, and a Healing Centre, and an Apostolic & Prophetic base. You said it Lord, so Lord we're asking for what you already said you wanted to give us Lord & Lord we don't know in the natural how this provision is going to come & the timing for it Lord, but we know the timing for the 300 is before September this year because that's what Your prophet said, that's what your word said, and Lord we believe your prophet. Your word said to believe your prophets & we would prosper, so Lord we believe your prophets. We believe your word & Lord we stand on your Word. We stand firm on your word Lord & we ask you to bring it forth, and Lord we just pray that you just help us continue in that attitude, that we would withhold nothing from you & we pray that you would withhold nothing from us, but that you would bring it about at the right time. Thank you, Lord.

So dear Heavenly Father, as we believe you to bring about this land & these buildings as you have declared that you would & the people Lord, to worship you. Lord, as you have said those things Lord, we believe you for those things & I believe the Lord would say "Have you not heard: Did I not say? Did I not say I would do it? Are ye of so little faith? Can you not stretch your imagination to see what I would do? Have you not gone to bed at night dreaming of what I said I would do? Have you not stretched your faith? Even as I said to Abraham to look at the stars in the sky? Even as I said to Abraham to look at the sand, that they could not be counted or numbered. What I will do for you", says the Lord cannot be numbered, cannot be numbered! It is further than you can ever dream! But I have said it, says the Lord. Will I not do it? O ye of little faith. Will I not do it for I have said it! Says the Lord, and I will perform it, says the Lord. It is mine to perform. It is not yours to perform. It is only yours to believe". Thank you, Lord

9/1/05 Barbara: A few years ago I was in, I was in Mackay, at the COC Church on a Sunday night and the Lord gave me a vision of some Aboriginal women sitting on the ground in Central Australia and they were painting, and they said 'come over here' and then it changed to the Torres Strait islander women in the islands, sitting on a woven mat and they were weaving baskets, and they said 'come over here', so I said to Norman 'that must be my Macedonian call', but we didn't try to do anything to make that happen, I thought well the Lord will do it in His timing, so I believe our recent visit to Uluru and Alice Springs is part of that, and I believe the invitation to speak to the Torres Strait Islander Women's Group in Cairns on Monday night is part of that as well, but I really believe that the Lord wants to do something in the Torres Strait. (That was a vision that I didn't write down, but I can picture it clearly right now everything about that, knowing that one day God would fulfil His word).

Barbara

What I was seeing was like a canoe coming from New Zealand towards Australia, and people would have expected it to land in Sydney Harbour near the Opera House. I could see the Opera House. But the Lord decided to send it here instead for His own good purposes.

Sept 05

Barbara – I saw a canoe and it represented the whole Pacific and each nation had a set of oars and needed to row together in unity but I got the impression that Australia, and to a lesser extent New Zealand, were overtaking the other nations. It was a sense of raised shoulders but its meaning was clear. The Lord was saying to me that unless Australia realizes it is part of the Pacific and rows the canoe in unison with the other nations, then the Pacific as a whole will not come into its full destiny in Him.

16/08/05 Shirley Miller - As

I'm sitting in the presence, waiting on the Lord. I see the little canoe as already been smashed into pieces because of the way it's being tossed to and fro from people who are not fully focused and it's like the wars and storms are coming against each other. I also see that God has placed it into the hands of the two people He is trusting to do the work of His plan and His purpose.

The Lord said, "Behold, I have refined thee, but not with silver, I have chosen thee in the furnace of affliction, (pain, suffering, trouble and torment). Isa 48:10 - To improve or perfect. As a furnace is prepared for gold, so it can be refined purer than before. We would not choose it but if it comes, we will work with the Refiner. The fiery trials. To be soft and pliable in the Master's Hand and yielded to His every command.

17/08/05 Cheryl Wieden Wednesday- In prayer I saw the canoe smashed on the Rock. It was splintered into pieces like matchsticks. Totally unrecognizable. I asked the Lord what it was about. IF THE HAND OF MAN IS NOT REMOVED FROM IT; IT WILL BE TOTALLY DESTROYED. This was a warning to PRAY!

30/9/05

Barbara: I saw a jewel in a crown, now this was about a week ago, 18/9/05) but there are some people here, I think need to hear this one. I saw a jewel in a crown, and later some Pacific Islanders carrying a rather large; imposing King, and the word I had was 'I'm speaking to you, the Pacific and Australia as part of the Pacific – and you are a jewel in My crown'. Amen! 'Just as you islanders had kings in the Pacific and carried them, I'm putting a Levitical anointing on you, and you will honour Me and carry My presence to the nations of the earth, even to Israel – just as the Levites carried the Ark of the Covenant in days of old.' Amen, praise the Lord.

30 Oct 05

Ps Barbara: re Bethany Gate -

Barbara shared that she had an extensive time of prayer at home re the Bethany Gate/APPA conference during Milo's second visit and this is what he showed her:

a. This conference is like the Promised Land for us. While there are giants in the land, we need to be like Joshua and Caleb and go in, because this is something God has called us to do. (no matter what the enemy has arrayed against us)

b. The second vision is about the canoe given in New Zealand to Norman and I to host the conference next year (in a baton handing on ceremony) which we brought back to Cairns. The canoe was beached on rocks but the Lord said that was okay, it has simply come to rest here. It then changed to the Ark of the Covenant and the Lord was saying to me "Don't let it go into the home of Obed Edom. It is meant to be a blessing to your house". I believed the Lord was saying this is a mantle for you and your ministry; don't give it away, keep it; it's going to be a blessing to you. The Ark of Covenant represents God's Glory.

6/11/05

Barbara: Word - It's not burdensome for you, says the Lord, but something that will be a joy to you, something that will uplift your spirits, says the Lord, for I have deposited much within you, says the Lord, there is much manna in you, and the Lord says, I will have you to share it out, I would have you to deal it out, for your time has not yet come, says the Lord, I have plans and purposes for you, and the Lord says, I will just call you into even more of a mentoring role than what you have had in times past, says the Lord, and I'm even putting a gathering anointing in you that you would gather ones to yourself, that you would impart to them in this day, for the Lord would say, for I have things that I have planned, things that I have purposed, says the Lord, and I have not left you out of these things even for this region up here in North Queensland, says the Lord, that even you shall play a pivotal role, says the Lord, so I would have you gather them in and I would have you in that role of supporting, that role of mentoring, that role of building, says the Lord, and the Lord says, you've known many breakthroughs, it is a time now for building upon the breakthroughs, says the Lord, for I am building My church in this region, says the Lord, and what I purpose to do in this region, says the Lord, will absolutely astound the whole world, so watch for it because it will soon appear and you will be a part of it. Thank you, Lord.

13/11/05

Judy Miller: Last Monday night I shared in the prayer that there are some mountains over here in the east, that displays that there is a birth happening – God quickened that to me today, and then when I was dwelling on that, I was just asking Him about it – He was saying, there is going to be a birth here, the mountains have been talking about for centuries – even before any inhabitants have been in this place – the mountains have been declaring it & speaking about this birth because it's there, and as I dwelt on this more I saw this big hand – it wasn't a human hand, it was a really big hand right at the, where this birth is taking place, and I realized this was a tack – and it's in heaven, and what's in the hand is like writings, in the hand – and this tack, and this writing was actually pinned to a notice board – so it's written in heaven that there is going to be a birthing here, it's already on the notice board, it's already written out, the plans are written out and it's about to happen, it'll happen when it's written on that piece of paper – so it's in heaven.

Then I said to the Lord, 'Lord is it, is it the Conference or Convocation that we're having next year or is it revival?' and He said, 'as it's a dual convocation next year, it will be a dual thing, like it will be revival, but it will also be the conference next year', and as He was saying that, just as I finished saying that, there was this huge white dove hovering over the top of this birthing place – and then I noticed the dove had – normally when there's a dove – well any obstacle that's between the Sun and the earth the shadow is cast down on the earth, but no, that's not what it was – the light was up above the dove and was a shadow above the dove, and I thought, how's that?, and He was saying 'that's His glory, His glory will be revealed and everything will be alight'.

Barbara: Praise the Lord, and we know that the Holy Spirit brooded over the earth when Creation – brooding...praise the Lord.

Judy: Add to that prophecy, you know when I said I saw that big – like a big tack, that it had a big fluffy thing on top – when I first saw it I thought it was soil, and that's what He showed me it was, it was a big piece of soil – you know when you can dig a perfect hole with a particular piece of machinery, you know it's like a post-hole digger ok, well this is quite big and it's soil, and with the directions in this piece of paper that are the directions of this revival and the Bethany Gate, when it's all going to be happening, so that big tack even represents, like at the moment – like when a woman gives birth in the natural, her waters break – like a coming away, so once this tack with the big piece of soil on top – and those fluffy things were the trees on the mountain – so when it's taken off that message for it and it's activated – well that's when that birthing will happen, so that big piece of soil is like the beginning of that, the birthing that will come through.

4th Dec 2005

Norman: ...like doves to their nests, surely the islands look to Me. In the lead of ships of Tarshish bringing your sons from afar, with silver & gold to honour the Holy God of Israel, for He has endowed you with splendour. He's talking about the ships, and even if it's prophetic, end-time prophetic picture of what God is doing and speaking of nations, where He's bringing His covenant children home. I believe that God is bringing a preparation from the ends of the earth, but there's preparation from the ends of the earth, just as the Gospel was brought forth from Jerusalem and goes down to the ends of the earth & Australia is like the ends of the earth, along with the islands, but there is a preparation – God is calling you and I to prepare the way.

What I was also seeing while I was standing there, I began to just see ships and I don't know if the Lord is speaking to someone that will prophetically sail from the island of Vanuatu, maybe that's prophetic, maybe that's just something where the Lord may have, maybe a Christian right there, that they're prophetically going to sail to the shores of our city, to the inlet of our city, because I began to just to see ships coming in, I began to just see the flotilla, I began to just see small boats, and I believe that next year, just as there is growth in the natural of our city – I believe the population of our city is 120,000, I believe that God is just going to just, just like our inlet – in the New Year, coming into the New Year you're going to be hear more & more ships coming into our city, to this city, and in years to come, and I just believe that God is just laying it upon the hearts of those to prophetically sail from the shores to Vanuatu and other nations, to come to the shores, to come to the borderlines, to come into the city, to come into the inlet of this city, and the small boats and the flotillas to also come in. God is beginning to do something. While I was just standing there.

I know of a ministry in Sydney called 'the boat ministry', and as Barbara and myself were just saying, on the shores of Circular Quay in Sydney over to the shores of Manly – I believe it's been in relation to this, that prophetically even with our nation that God is speaking to Christians who have boats, and I know that there is a boat ministry in Sydney, boat Christian ministry in Sydney, and we just need to pray that God will release them to come to the shores, because I believe that it will help in the provision of ferrying those from the shores of this city to the shores of Yarrabah next year. I believe there is something there in it, as we just pray, we can see God just begin to turn things, turn things for His favour. Lord we give thanks to You, Lord we give praise to You and I believe that it's one of the strategic prayers that God will give us if we pray, if we ask for God's favour on the seas.

Jane: Yesterday morning, when we started the Lord said 'pray about the boundaries – the sea coast, and we went up to the wharf, and it's just what Norman's talking about this morning. The Lord got us to pray over two big boats, and the bottom of one boat there was a whole lot of fish, and He was saying 'this is the harvest', and there was a helicopter above that was filming, and we didn't know that, but the Lord was saying that that was the reconnaissance that was going out beforehand, then there came a along a flotilla of boats, God was saying to us – 'this was the ministries that were going to go out from Cairns into the harvest, and there were about 40 or 50 and Yarrabah was on one side and Cairns was on the other, it was like He was saying 'these are the headlands' in the spirit these were the headlands, and the interesting thing was that the men were at the head, at the helm in all these boats that were going out, and the Holy Spirit anointing was so strong, and the Lord was just really speaking to us about the boats., and also about these two boats – to claim them for us as Bethany Gate to go over to Yarrabah, and that the boats were representing this ministry to go out into the harvest, and there was a huge release of joy and victory.

We had just a, just a sense of God's victory – we were on the wharf area, like He was saying this is the flotilla that was in that prophetic word I think Barbara had, and actually on one of these boats was even a helicopter, and we felt we had to claim all that as well, it was part and parcel of what God was doing, and the Lord gave me the 'vessels of honour' scripture to mind. I just wanted to share that, because it was just what Norman was talking

about. (Jane leads in prayer regarding this). We know that one of those boats was called 'Serenity' and Lord I believe that was significant.

8 Jan 06 – Barbara ...And the other thing I saw was a cross, and it was horizontal rather than upright, and it was burning, and I got a sense that it was a holy flame – not an unholy flame, and yet I also know that a burning cross is a sign of the Ku Klux Klan, and I said Lord 'what are you saying here'? and I just got a sense that the Lord was saying that what we are going to be doing this year is really going to be dealing a blow to racism, and also to religious bigotry, and I was really getting a sense of that, and I believe the Bethany Gate Conference will have a lot to do with that... (prayer)

And I believe that the Lord would say 'this year is a year of much shifting, this is a year of much moulding, this is a year of much shaping for I am going to form you, I am going to put you into place, I'm going to shake you and mould you, and yes I'm going to knock some rough edges off you, says the Lord, I will purify you, and I will purify the vision that I have given you so that no man's hand is laid upon it, but it is of Me says the Lord, for I am surely birthing something this year that will have huge ramifications, not just for you but for this whole nation. I am birthing something, says the Lord, I have called you to be midwives of that, I've called you to be stewards of that – pray over it, says the Lord, protect it, says the Lord, protect the vision that I have given you, protect the new life of the new creation that I have put within you, because surely the wolves will be there that would want to come, that would want to destroy the work that I am bringing forth through you, but do not have any fear says the Lord, because it is My work to be done, you simply need to be the messengers, you simply need to be the cradle, you simply need to be the womb – but I will bring it forth, says the Lord, I will bring it forth in the right time and in the right place, and in the right manner, but just stay tuned to Me for it shall surely come forth, it shall surely come forth, and this will be a birth that will not remain unnoticed, this will be a birth that will be widely known about, for I have much purpose through it, says the Lord, and it will have ramifications through the nations like waves going out from Australia – even to Israel, says the Lord, for what I birth in the city of Cairns through your ministry this year will have ramifications – will send out waves and wave upon wave, upon wave you will see the results of that for many years to come. It will touch many nations, so do not be proud, but do not despise what I am doing, do not underrate what I am doing, do not be 'blaze' about what I am doing, do not take it lightly, says the Lord, for it is an important charge, so steward it, says the Lord, handle it carefully, says the Lord, just as a mother would handle carefully the babe that is within and would take care of herself, I charge you to do that, says the Lord, this day.

Terry Hart, Townsville visiting our church - In worship before – behind me you can see a map, which shows the 12 Gates – standing either side of that were **two angels**, quite large, their heads were up about where the ceiling is – where those lights are. The one on my left, your right was white in color; this one over here was like a beige color. They had their hands folded and they were just looking at the congregation. As we worshipped the Lord, they stepped forward and stretched their wings, much like the covering Cherubs over the Ark of the Covenant providing covering.

The impression I got was the Lord was providing a covering for you, a covering that is going to be essential in this coming year, and the word that came was that 'this year would be a year of many births' a first form, you could name a lot of things, a year of births, a year of breaking new ground, new territory and marching on areas in some instances at this point you're not aware of, and in conjunction with the word this morning about a lot of shaking, a lot of moulding, that is going to cause you to broaden your vision, you're going to see further than you have before, you're going to think bigger, you're going to see bigger, and as that happens be ready for the expansion, be ready for what the Lord is going to provide, cause God is a good God, He's the same God wherever we are, and as I was sitting there that we hear on our local radio station in Townsville, that's where I'm from. It says 'Lord bring your rain again, Lord we are a desert land, we are thirsty, and the rain of the Lord is going to begin to come this year, not only in the natural to break drought, but in the spirit – it's going to come on our hearts that we might be refreshed again that we might stand up again, I know myself, I have sat down and taken a back seat – this is not the time for the back seat, this is time to get on to the front foot to take the stand like the Australian Cricketers did – you go on to the front foot and take the bat, and go in for the Lord. Thank you.
