

PROPHETIC WORD FOR OUR CHURCH OPENING CAIRNS OCT 1996

Received by Ps Barbara Miller

This church will be a miracle working church, the blind will see, deaf ears will open and the lame will walk but the biggest miracle of all is salvation.

This church will be a church of healing, not just physical healing but body, mind and spirit. The Healer is Jesus, and on the Cross, He healed our relationship with God, the biggest healing that could ever occur in our lives.

This church will be a church of justice but God's justice is always tempered by His love. The most crucial act of justice that ever occurred was when Jesus took the punishment upon Himself for all the evil that has ever been or ever will be committed in the world. A just God must punish injustice. But He is also a God of love. While God hates injustice, He loves the sinner. Because of God's love, Jesus took our place to receive punishment and we find our pardon and freedom in Him. We only have to take hold of the gift He offers us and believe what He has done.

This church will be a prophetic church but the most important word God gave us was when He breathed life into us and life anew when we are born again. We can continually receive the Word by reading the Bible and we have His word in us when we have His Son Jesus in us.

This church will be a church of spiritual warfare but the most important spiritual warfare that ever occurred was on the Cross when Jesus defeated Satan and made a public spectacle of him. The most important spiritual warfare we can do is to give our hearts to Jesus and live our lives becoming more like Him day by day. We warfare by our character, just by being who we are in Christ.

This church will be a church of intercession. But the most important intercession ever was done by Jesus for us on the Cross and He still intercedes for us with God.

THE MESSAGE OF THE CROSS IS CENTRAL!!!"
